Experience makes Quality

Our Company ...

is one of the leading suppliers for Sanitary fittings and related plumbing products. We have been supplying our markets since about 40 years with a wide range of faucets, fittings and valves for bathroom, kitchen and public sanitary installations.

Our Programme ...

includes a broad range of models covering most market segments from basic to luxury, and from classical to modern design. Private, commercial, or institutional customers will find the products they need in our programme. The most popular product groups in our extensive range cover:

- + Faucets and Fittings: we supply a wide range of water mixers for bathroom and kitchen in different finishes and designs, with compression or ceramic valving (example: one hole lavatory and bidet mixers, one lever mixers, concealed 3-hole mixers, ...etc.). We have different mixer models for both wall and concealed installations. Most of our faucets/mixers can be supplied with different models of handles which are fitted according to customers demands. Also to secure our customers an extended product range from a single source, we supply Shower Fittings including hand shower sets, adjustable shower heads, shower arms, ...etc.
- + Water Taps and Valves: we supply a variety of bib cocks in different finishes and designs (example: taps with and without hose-union, taps with T-handle, taps with upper part for key, ...etc.). We supply also a wide range of Stopcocks, Ball valves, Gate valves, and Angle valves in different models and designs.
- + Hoses and Pipes: we supply a wide range of flexible hoses and tubes with different ends to adapt to any type of standard valves and fittings (example: brass-strips hoses, PVC hoses, copper tubes, st. Steel-wire screened hoses, aluminum-wirescreened hoses, ...etc.).

Our products are comply to the following Germany & European Standards:

- EN 200: Sanitary taps — General technical specification for single taps and mixer taps.
- EN 246: Sanitary taps — General specification for flow rate Regulator.
- EN 248: Sanitary taps — General technical specifications for Electrodeposited nickel chrome Coatings.
- EN 817: Sanitary taps — Mechanical mixers (PN10-General technical specifications (For single control mixing valve and other separate mixing valves).
- EN 816: Sanitary taps — Thermostatic & Temporized taps.
- EN 60742: Sanitary taps — Sensor taps.
- EN 1113: Hand Shower Sets.
- EN 3822-2: Bathroom Accessories, brass.
- DIN 52218 & EN ISO 3822-2: Sanitary taps — General technical specifications for single and 2-handle taps.
- DIN 19545 & DIN EN 411: Traps and Wastes, brass.
- EN 411 & DIN 1997 / 19545: Traps and Wastes, plastic.
- EN 274 & CSA 22944B/87: Bath Wastes and Over-flows.
- DIN 1389 & DIN 1380: WC Trap-Connections, drains.
- DIN 18024 & DIN 18025: concealed cisterns.
- EN 13828: ball valves, strainers.
- DIN 2999: brass fittings.

Quality Specifications

The technical and quality requirements of our faucet products are summarized as per the followings:

1. The thickness of electroplate:

- Nickel plate:15um (micron)
- Chrome plate:0.25um (micron) (Ranged from 15.25um to 17.25um)

2. Coating quality:

- 2.1 Corrosion resistance testing-Neutral Salt Spray Test (NSS test) is 200 hours. Upon completion of the salt spray test, apparent surfaces shall not show any defect.
- 2.2 Coating adherence test-sectioning test: After testing has been carried out at three different places, there shall be neither peeling nor separation for coating.

3. The ceramic cartridges (head-part) are of precise functioning with highest reliability up to 70,000 load cycles for opening and closing.

4. The minimum flow pressure to activate the diverter function in our bath/shower mixer is 0.05Mpa (0.5bar) which is comply to European and international Standard.

5. Our faucets specification:

- Test pressure: 1.6Mpa (16bar)
- Flow pressure: Min. 0.05Mpa (0.5bar) - Max. 1.0Mpa (10bar)
- Recommended pressure: 0.1Mpa to 0.5Mpa (1 to 4 bar)
- Temperature at hot water inlet: Max.90°C

6. The lead composition of our brass is not exceeding 1.6% which is comply to EN and other international standard.

CARTRIDGE DATA

- Max. opening angle: 23°
- Max. temperature: 85°C
- Life test: Min.70,000 cycles(EN817,GB/T 18145-2000)
- Pressure resistance: water static pressure Max. 35 Bar
- Sealing face of ceramic disc:① Hardness:1100Hv5 ② Flatness:0.6 μM ③ Roughness:Ra 0.25 μM ④ Porosity:60 ~ 80%
- Torque test before factory delivery(one by one tested by 100%) :

Left and right rotation torque N·m when static pressure is zero	Up and down on/off torque N·m when static pressure is zero
0.16-0.25	0.16-0.25

● Flow rate(See Fig.1) :

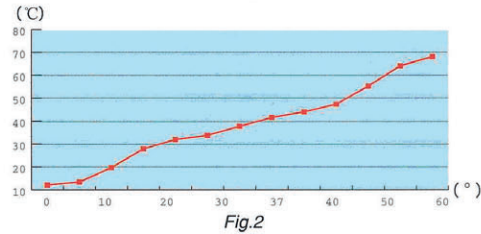

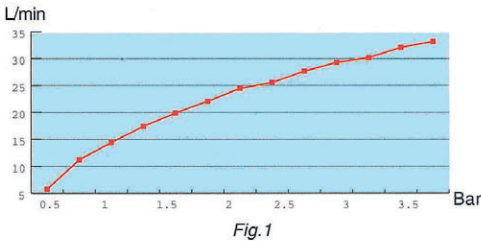

Pressure(Bar)	0.5	1	1.5	2	2.5	3	3.5	4	4.5	5	5.5	6	6.5
Average flow rate(L/min)	5.8	11.2	14.4	17.4	19.9	22.1	24.5	25.6	27.7	29.3	30.2	32.1	33.2

● Air pressure test before factory delivery(one by one tested by 100%) :

Static pressure		Dynamic pressure
High pressure	Low pressure	2.8Bar
6.8Bar	0.2Bar	

● Relations between turn angle and mixing water temperature(See Fig.2) :

Inlet water:cold water11.4°C, hot water 68.7°C Water pressure: 3 Bar													
Angle (°)	0	10	20	30	37	40	50	60	64	70	80	90	100
Temperature (°C)	12.2	13.5	19.8	27.9	32	33.8	37.7	41.6	44	47.3	55.2	64.1	68.1

chrome plated brass temporized pillar tap, fitted with brass aerator, 1/2" connection, w/out water hammer, Timing: 6-8 seconds, outlet adjustable: min. 4 l/min. to max. 3 l/min., employ pressure: 0,5 / 6 Bar

Art.50016
chrome plated brass temporized basin mixer, designer model, fitted with brass aerator, with flex. connection hoses, with non-return valves, w/out water hammer, Timing: 6-8 seconds, outlet adjustable: min. 4 l/min. to max. 13 l/min., employ pressure: 0,5 / 6 Bar

Art.50016R
chrome plated brass temporized basin mixer, designer model, fitted with brass aerator, with flex. connection hoses, with non-return valves, w/out water hammer, Timing: 6-8 seconds, outlet adjustable: min. 4 l/min. to max. 13 l/min., employ pressure: 0,5 / 6 Bar

Art.50021
chrome plated brass temporized pillar tap, fitted with brass aerator, 1/2" connection, w/out water hammer, Timing: 6-8 seconds, outlet adjustable: min. 4 l/min. to max. 3 l/min., employ pressure: 0,5 / 6 Bar

Art.08135
chrome plated brass temporized wall mounted mixer, heavy model, with movable spout fitted with brass aerator, w/out water hammer, Timing: abt. 15 seconds, outlet adjustable: min. 4 l/min. to max. 13 l/min., employ pressure: 1 / 6 Bar.

TEMPTEC Series

Art.50032
chrome plated brass temporized wall mounted tap, fitted with brass aerator, 1/2" connection, w/out water hammer, Timing: 6-8 seconds, outlet adjustable: min. 4l/min. to max. 13 l/min., employ pressure: 0,5 / 6 Bar

Art.50033
chrome plated brass temporized wall mounted tap, fitted with brass aerator, 1/2" connection, w/out water hammer, Timing: 6-8 seconds, outlet adjustable: min. 4l/min. to max. 13 l/min., employ pressure: 0,5 / 6 Bar

Art.50034
chrome plated brass temporized wall mounted tap, long model, with movable S-spout (200mm projection) fitted with a plastic aerator, 1/2" connection, w/out water hammer, Timing: 6-8 seconds, outlet adjustable: min. 4 l/min. to max. 13 l/min., employ pressure: 0,5 / 6 Bar

Art.503101
Temperature Control Automatic Sensor Faucet, battery operated. The body in brass includes the components for the water temperature control & the electronic sensor, with built-in hot/cold mixing valve

Art.503901
Temperature Control Automatic Sensor Faucet, battery operated. The body in brass includes the components for the water temperature control & the electronic sensor, with built-in hot/cold mixing valve

Art.503701
Automatic Sensor Faucet with Manual override option allowing hands-free electronic activation along with manual control when desired. The manual override option grants a failsafe back-up in case of power out or system interruption. The Sensor function is battery operated. The body in brass includes the components for the water temperature control & the electronic sensor, with built-in hot/cold mixing valve. Battery Box installation below the basin to allow easy maintenance

Art.503702
Automatic Sensor Faucet, long model, with Manual override option allowing hands-free electronic activation along with manual control when desired. The manual override option grants a failsafe back-up in case of power out or system interruption. The Sensor function is battery operated. The body in brass includes the components for the water temperature control & the electronic sensor, with built-in hot/cold mixing valve. Battery Box installation below the basin to allow easy maintenance

Art.503905
Automatic Sensor Faucet with Manual override option allowing hands-free electronic activation along with manual control when desired. The manual override option grants a failsafe back-up in case of power out or system interruption. The Sensor function is battery operated. The body in brass includes the components for the water temperature control & the electronic sensor, with built-in hot/cold mixing valve. Battery Box installation below the basin to allow easy maintenance

almanit sanitary fittings

PLUMPING NOVELTIES Series

Angle Avles Series

Art.6115 chrome brass angle valve, 3-Point handle, with wall rosette, size: 1/2"x1/2"		
Art.611501 chrome brass angle valve, Lotus handle, with wall rosette, size: 1/2"x1/2"		
Art.6115011 chrome brass angle valve, Lotus handle, squeeze nut, with wall rosette, size: 1/2"x3/8"		
Art.6119031 chrome brass angle valve, TDL handle, with wall rosette, size: 1/2"x1/2"		
Art.6119032 chrome brass angle valve, TDL handle, with wall rosette, size: 1/2"x1/2"		
Art.611901 chrome brass angle valve, Round handle, with wall rosette, size: 1/2"x1/2"		

Shower Sets Series

Art.807400

PRIME Shower Set, chrome plated, 3-function hand shower, sliding bar with chrome soap dish, shower hose 150cm long.

Art.807401

BRAVO Shower Set, chrome plated, 3-function hand shower, sliding bar with chrome soap dish, shower hose 150cm long.

Art.807402

BERGMOHN Shower Set, chrome plated, 5-function hand shower, sliding bar with soap dish, shower hose 150cm long.

Art.6655DE

DELUX Shower Set, chrome plated, 3-function hand shower, conical adjustable wall bracket with fixing screw set, shower hose 150cm long.

Art.6677DE

DELUX Shower Set, chrome plated, 3-function hand shower, conical adjustable wall bracket with fixing screw set, shower hose 150cm long.

Art.807412

BERGMOHN Hand Shower, 5-function, 1/2" connection

Art.38802

Bidet Shattaf flush shower, chrome plated brass, plain model, with wall bracket with fixing screw set.

Art.38806

Bidet Shattaf flush shower, chrome plated brass, graved model, with wall bracket with fixing screw set.

Art.388AC

Bidet Shattaf flush shower, chrome plated plastic, with wall bracket with fixing screw set

Shower Hoses Series

Art.388AW

Bidet Shattaf flush shower, white color, with wall bracket with fixing screw set.

Art.8138WC

chrome plated bidet hose, one end fitted with nozzle and ring, other end fitted with hexagonal nut (1/2"), available in the lengths: 90cm, 100cm and 120cm.

Art.8138AG

chrome plated SUPREME shower hose, one end fitted with conical nut, other end fitted with a hexagonal nut (1/2"x1/2"), available in the lengths: 120cm, 150cm, 180cm and 200cm long.

Art.8138EX

chrome plated EXTENDABLE shower hose, one end fitted with conical nut, other end fitted with a hexagonal nut (1/2"x1/2"), available in the lengths: 120cm, 150cm, 180cm and 200cm long.

Art.8138AC

chrome plated STANDARD shower hose, one end fitted with conical nut, other end fitted with a hexagonal nut (1/2"x1/2"), available in the lengths: 120cm, 150cm, 180cm and 200cm long.

Art.8140PC

plastic chrome/black INFORCED shower hose, one end fitted with conical nut, other end fitted with a hexagonal nut (1/2"x1/2"), available in the lengths: 120cm, 150cm, 180cm and 200cm long.

Art.8141PC

plastic chrome LUX shower hose, one end fitted with conical nut, other end fitted with a hexagonal nut (1/2"x1/2"), available in the lengths: 120cm, 150cm, 180cm and 200cm long.

Art.8142PC

plastic chrome SILVER shower hose, one end fitted with conical nut, other end fitted with a hexagonal nut (1/2"x1/2"), available in the lengths: 120cm, 150cm, 180cm and 200cm long.

Art.8138PC

plastic white STANDARD shower hose, one end fitted with conical nut, other end fitted with a hexagonal nut (1/2"x1/2"), available in the lengths: 120cm, 150cm, 180cm and 200cm long.

Drainers Series

Art-7000 A

Stainless steel drain waste cover (strainer), made of stainless steel material, highly polished, each piece consisting of 3 parts: frame, grid and lid.
Frame Size: 200x200mm,
available outlet sizes: 103mm $\varnothing$ / 115mm $\varnothing$

Art-7000 B

Stainless steel drain waste cover (strainer), made of stainless steel material, highly polished, each piece consisting of 3 parts: frame, seal rubber and lid fixed with screws on the frame.
Frame Size: 200x200mm,
available outlet sizes: 103mm $\varnothing$ / 115mm $\varnothing$

Art-7000 C

Stainless steel drain waste cover (strainer), made of stainless steel material, highly polished, each piece consisting of 3 parts: frame, grid fixed with screws on the frame and lid.
Frame Size: 200x200mm,
available outlet sizes: 103mm $\varnothing$ / 115mm $\varnothing$

Art-7000 D

Stainless steel drain waste cover (strainer), made of stainless steel material, highly polished, each piece consisting of 2 parts: frame and grid fixed with screws on the frame and lid.
Frame Size: 200x200mm, available outlet sizes: 103mm $\varnothing$ / 115mm $\varnothing$

Art-7001 A

Stainless steel drain waste cover (strainer), made of stainless steel material, highly polished, each piece consisting of 3 parts: frame, grid and lid.
Frame Size: 150x150mm,
available outlet sizes: 103mm $\varnothing$ / 115mm $\varnothing$

Art-7001 B

Stainless steel drain waste cover (strainer), made of stainless steel material, highly polished, each piece consisting of 3 parts: frame, seal rubber and lid fixed with screws on the frame.
Frame Size: 150x150mm,
available outlet sizes: 103mm $\varnothing$ / 115mm $\varnothing$

Art-7001 C

Stainless steel drain waste cover (strainer), made of stainless steel material, highly polished, each piece consisting of 3 parts: frame, grid fixed with screws on the frame and lid.
Frame Size: 150x150mm,
available outlet sizes: 103mm $\varnothing$ / 115mm $\varnothing$

Art-7001 D

Stainless steel drain waste cover (strainer), made of stainless steel material, highly polished, each piece consisting of 2 parts: frame and grid fixed with screws on the frame and lid.
Frame Size: 150x150mm,
available outlet sizes: 103mm $\varnothing$ / 115mm $\varnothing$

Art-7002

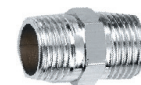

Stainless steel drain waste cover (strainer), made of stainless steel material, highly polished, click-clack spring system, available in the frame sizes: 150x150mm, 200x200mm

Brass Fittings Series

Art-1513

chrome plated brass bib cock prolongation, highly polished, made of heat treated annealed brass, manufactured according to DIN 3523, Male x Female threading, 1/2"x1/2"; in the lengths: 10 to 100m.

Art-1522

chrome plated brass double nipple with hexagonal nut body, made of heat treated annealed brass, manufactured according to DIN 2999, Male x Male threading, available in the sizes: 3/8", 1/2", 3/4" and 1"

Art-1531

chrome plated brass reducing nipple with hexagonal nut body, made of heat treated annealed brass, manufactured according to DIN 2999, Male x Male threading, available in the sizes: 3/8", 1/2", 3/4" and 1"

Art-1541

chrome plated brass reducing double nipple with hexagonal nut body, made of heat treated annealed brass, manufactured according to DIN 2999, Female x Male threading, available in the sizes: 1/2"x3/8", 3/4"x1/2", 1"x3/4", 1"x1/2", 1.1/4"x1", 1.1/4"x3/4", 1.1/4"x1/2", 1.1/2"x1.1/4", 1.1/2"x1", 1.1/2"x3/4", 2"x1.1/2", 2"x1.1/4" and 2"x1".

Art-1542

chrome plated brass round reduction piece, highly polished, made of heat treated annealed brass, manufactured according to DIN 259, Male x Female threading, available in the sizes: 3/8"Mx1/2"F, 3/8"Mx3/4"F, 1/2"Mx3/4"F, 3/4"Mx1/2"F, 1/2"Mx1"F, 3/4"Mx1"F

Art-1543

chrome plated brass reducing piece with hexagonal nut body, made of heat treated annealed brass, manufactured according to DIN 2999, Female x Male threading, available in the sizes: 1/2"x3/8" and 3/4"x1/2"

Art-1523

chrome plated brass double nipple with hexagonal nut body, made of heat treated annealed brass, manufactured according to DIN 2999, Male x Male threading, with 2 chrome plated brass squeeze nuts, available in the sizes: 3/8"x3/8"x10mm $\varnothing$, 1/2"x1/2"x10mm $\varnothing$, 1/2"x1/2"x12mm $\varnothing$.

Art-1525

chrome plated brass reducing nipple with hexagonal nut body, made of heat treated annealed brass, manufactured according to DIN 2999, Male x Male threading, with chrome plated brass squeeze nut, available in the sizes: 1/2"x3/8"x10mm $\varnothing$, 1/2"x3/8"x12mm $\varnothing$.

Art-1551

chrome plated brass round socket, highly polished, made of heat treated annealed brass, manufactured according to DIN 2999, Female x Female threading, available in the sizes: 3/8", 1/2", 3/4" and 1"

Art-1612

chrome plated brass Elbow, 90°, highly polished, made of heat treated annealed brass, manufactured according to DIN 259, Female threading, available in the sizes: 3/8", 1/2", 3/4", and 1".

Art-1613

chrome plated brass Elbow, 90°, highly polished, made of heat treated annealed brass, manufactured according to DIN 259, Female x Male threading, available in the sizes: 3/8", 1/2", 3/4", and 1"

Art-1622

chrome plated brass T-piece, highly polished, made of heat treated annealed brass, manufactured according to DIN 259, Female threading, available in the sizes: 3/8", 1/2", 3/4", and 1"

Concealed Cisters

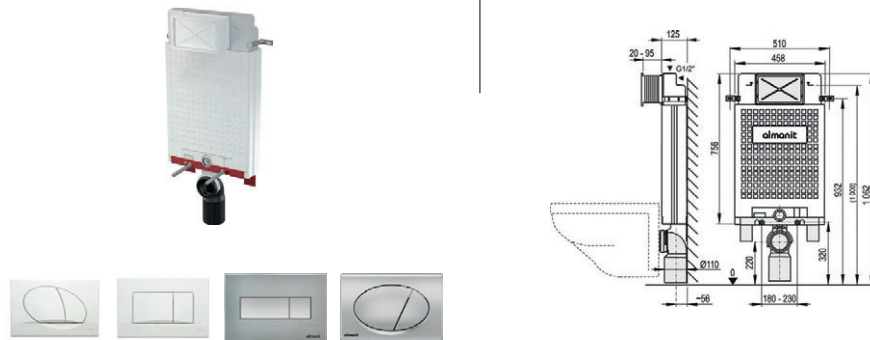

Art.60502

wall concealed WC tank, suitable for back-to-wall toilets and squatting pan, 6-9l, complete with cistern fittings, the tank polystyrene filler simplifies the installation into the wall and prevents condensation forming on the surface of the cistern

Art.60504

wall concealed WC tank, suitable for wall hung toilets, 6-9l, complete with cistern fittings, the tank polystyrene filler simplifies the installation into the wall and prevents condensation forming on the surface of the cistern, with a robust supporting bracket with spare load capacity exceeding the required 400 kg guarantees the high rigidity of the toilet connection to the wall

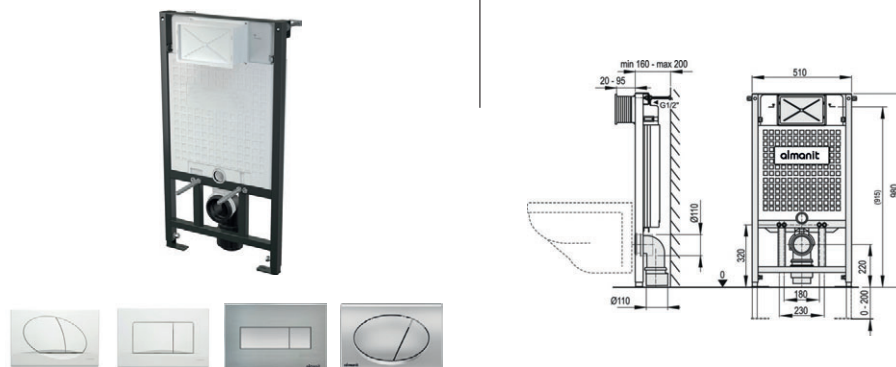

Art.60611

re-wall installation system for building into solid walls, with side frame, concealed WC tank, suitable for wall hung toilets, 6-9l, complete with cistern fittings, the tank polystyrene filler simplifies the installation into the wall and prevents condensation forming on the surface of the cistern, with a robust supporting bracket with spare load capacity exceeding the required 400 kg guarantees the high rigidity of the toilet connection to the wall.

Art.60505

pre-wall installation system for dry built up (plasterboard), complete with frame module, that allows fixing to sufficiently strong load bearing plasterboard partitions or in front of load-bearing walls, 6-9l, complete with cistern fittings, the tank polystyrene filler simplifies the installation into the wall and prevents condensation forming on the surface of the cistern

Delicate Series

Art-NY01025

Wall Hook
Material: Brass
Finishes: Chrome plated,
Matt Chrome

Art-NY01010

Cup Holder
Material: Brass + Glass
Finishes: Chrome plated,
Matt Chrome

Plastic Mirror Cabinets

Art.1859130

SAPHIR Plastic Mirror cabinet
SPECIFICATIONS:
+ 3 mirrored crystal glass doors
+ 2 drawers
+ Adjustable cabinet shelves and fitted door pockets
+ Safety socket
Material: Plastic
Illumination: For 15 W fluorescent lamp (not included)
Color: white / bahama beige
Dimensions (W/H/D): 60/51/18 cm

Art.1855130

ELDA Plastic Mirror cabinet
SPECIFICATIONS:
+ 3 mirrored crystal glass doors
+ Drawer
+ Adjustable cabinet shelves
+ Interior mirror
+ Safety socket
Material: Plastic
Illumination (not included): For 2 energy saving lamps E14 9-14 W
Color: white
Dimensions (W/H/D): 59/49/15,5 cm

Art.2881130

TOPAS ECO PLASTIC Mirror cabinet
SPECIFICATIONS:
+ 3 mirrored crystal glass doors
+ Adjustable cabinet shelves
+ 2 drawers
Material: Plastic
Illumination: 2 x 11 W energy saving lamps E14
Color: white
Dimensions (W/H/D): 60/53/18 cm

Art.2880130

ALIDA PLASTIC Mirror cabinet
SPECIFICATIONS:
+ 3 mirrored crystal glass doors
+ Adjustable cabinet shelves
+ 3 telescopic drawers
Material: Plastic
Illumination: For 18 W fluorescent lamp (not included)
Color: white
Dimensions (W/H/D): 68,5/54,5/18 cm

Art.1854130

RANO PLASTIC Mirror cabinet
SPECIFICATIONS:
3 mirrored crystal glass doors
2 drawers
Fitted cabinet shelves
Safety socket
MATERIAL: Plastic
ILLUMINATION:
For 2 energy saving lamps E14 9-11 W or 2 x 25 W candle lamps E14 (not included)
COLOR: White
DIMENSIONS (W/H/D): 59/51/16(14) cm

Art.1884132

LYMO PLASTIC Mirror cabinet
SPECIFICATIONS:
3 mirrored crystal glass doors
Large open tray
Fitted cabinet shelves
MATERIAL: Plastic
COLOR: white
DIMENSIONS (W/H/D): 58/49,5/14,5 cm

Aluminium Mirror Cabinets

Art.1247120

ALUWAVE Aluminium Mirror Cabinet
SPECIFICATIONS
2 double mirrored crystal glass doors with satined light window
concave corpus side walls, adjustable glass shelves
safety socket and switch
MATERIAL: Aluminium
ILLUMINATION: LED lighting at interior top shelf
COLOR: aluminium
*DIMENSIONS (W/H/D): 66,5/68/15,5 cm

Art.2245120

ALUSTAR 70 Aluminium Mirror Cabinet
SPECIFICATIONS:
2 double mirrored crystal glass doors
Adjustable glass shelves
Safety socket
MATERIAL: Aluminium
ILLUMINATION: 2 x 14 W T5 fluorescent lamps
COLOR: aluminium
DIMENSIONS (W/H/D): 70/75/17 cm

Art.12481250

CANTALU Aluminium Mirror Cabinet
SPECIFICATIONS:
2 double mirrored crystal glass doors interior lighting
adjustable glass shelves, safety socket and switch
MATERIAL: Aluminium
ILLUMINATION: 2 LED Light Strips
COLOR: aluminium
*DIMENSIONS (W/H/D): 67/73,5/16,5 cm

Art.1241131

SUNALU ALUMINIUM Mirror cabinet
SPECIFICATIONS:
* 3 double mirrored crystal glass doors
* Adjustable glass shelves
* Safety socket
Material: Aluminium
Illumination: 2 fluorescent lamps T5 14 W
Color: Aluminium
Dimensions (W/H/D): 80/65/17 cm

Art.1241120

BELALU ALUMINIUM Mirror cabinet
SPECIFICATIONS:
Double mirrored crystal glass doors
Adjustable glass shelves
3 pockets for keeping everything nice & tidy Safety socket
New outer corpus structure
MATERIAL: Aluminium
ILLUMINATION:
48 W halogen lamps (230 V flash light)
COLOR: aluminium
DIMENSIONS (W/H/D): 65/72,5/15,5 cm

Art.1242121

LYNDALU ALUMINIUM Mirror cabinet
SPECIFICATIONS:
2 double mirrored crystal glass doors
Adjustable glass shelves
Switch and safety socket
MATERIAL: Aluminium
ILLUMINATION:
2 vertical LED light strips
COLOR: aluminium
DIMENSIONS (W/H/D): 65/68/15 cm
